MEDIA RELEASE

Dr. Phil Foundation awards \$20,000 to Lutheran Family Services of Colorado

[COLORADO] Dr. Phil McGraw & Robin and the Dr. Phil Foundation have awarded a generous gift of \$20,000 to Lutheran Family Services of Colorado to be used for foster care programs. The funds provided by the Dr. Phil Foundation will be used to enable children in foster care to participate in music lesson/programs, purchase musical instruments, dance classes and athletic endeavors. The Foundation was established in 2003 by Dr. Phil McGraw, best selling author and host of the critically acclaimed daytime television series “Dr. Phil”. It’s another weapon in Dr. Phil and Robin’ arsenal to fight the “silent epidemics”, in America- those problems that cripple our society in subtle, but undeniable ways.

With three offices in the Front Range, Lutheran Family Services served over 300 through therapeutic and traditional foster homes in the last fiscal year. LFS is the third largest private foster care provider in the state. As a private non-profit organization, Lutheran Family Services relies on private donors, grants and sponsorship of events to raise money for the special needs of our clients.

LFS (Lutheran Family Services of Colorado) provides services in not only the areas of foster care, but adoption, care management (senior care), disaster response/domestic relief, refugee & asylee resettlement, pregnancy counseling and parenting classes..

Lutheran Family Services is committed to serving children and families, regardless of race, religion, gender or age. LFS has been extending a hand to vulnerable children and families in Colorado since 1948. Our skillful and compassionate staff, volunteers and donors collaborate with congregations, municipalities, foundations, and other human service providers.
